1. After further consideration, the restriction requirement of 12/8/2004 is withdrawn.
2. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. The references cited on the PTO-892 teach other actuated valves with manual overrides.
3. The following is an examiner's statement of reasons for allowance: The prior art of record does not teach the apparatus of, or a method for actuating a pilot operated valve with the specific structure of, or method steps of actuating, a valve with inlet and outlet portions connected to a biased main piston sealingly movable in a main piston bore, an operator portion with an orifice perpendicular to the main piston bore having an actuated plunger assembly serving as a pilot, and a further bore perpendicular and tangential to the main piston bore that includes a manual override assembly with a cylindrical stem including a tool actuation portion and a cam portion as claimed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
